JURLIQUE HISTORY

It began with a dream. The pioneering company was founded in 1985 by Dr. Jurgen Klein and his wife, Ulrike – scientists in chemistry, herbology, homeopathy and alchemy. They sought the purest place on Earth and discovered an ideally suited, unpolluted environment in South Australia where they would farm their own herbs and flowers for Jurlique skin care.

JURLIQUE DIFFERENCE

In 25 years, Jurlique has grown to include hundreds of products, but the vision behind it remains the same. Each formula begins with a purely potent living energy blend extracted from biodynamic herbs and botanicals from our 153 acre farm. Jurlique scientists complement our formulas with the finest, most potent biodynamic, organic and natural ingredients sourced the world over – ingredients which meet Jurlique's exacting standards. From farm to bottle, we are uniquely positioned to ensure the highest efficacy and optimum quality in our products.

Only possible from Jurlique.
